

Chick-fil-A 5k

2009, September 5, 9:00 am
at Auto Zone Park, downtown, Memphis, TN
Female Results listed below

I did not get to attend this race, but heard it was really a screaming success for Junior Achievement!!! For all of you who crossed the finish line and did not fill out a card and turn in at the results table (97 of you), please do so the next time you run an MRTC race. It is important for our records. Also, please try to print neatly on your finish card. I know it is hard after you have just run a hot 5k, but it is the only thing we have to go by to get your name and age correct for the results. If your name or age is incorrect, contact me at rara.rara@comcast.net. I or Bob Teutsch will gladly make the correction!

There were 835 females who crossed the finish line.

There were 782 females who crossed the finish line, filled their card out and placed it in the results box at the MRTC results tables.

All runners listed in blue are overall winners. All runners listed in bold black are winners in their respected age groups. Congratulations to all of you!!!!

Leah Thorvilson Open 17:41
